## Sport Slices

RARE, MEDIUM, WELL-DONE

By Geo. H. CARVER, Sports Editor V. THE PLAYOFFS!

The McFarlands with a 4½-month, more or less, disma hedule behind them are going to let bygones be bygones— d start off on a new lease of life.

The league begins the first phase of its round-robin playoffs fonight when the Macs take on Whitby (if it is not postponed), possibly in Toronto. The Whilby areas has been condemned because of weight of snow on its roof and will not be ready, engineers say, for seven or eight days.

The schedule is tougher than the hind-leg of a battle-scarred rhino. It calls for each team to play eight games and they're all jammed into a two-week

Lloyd Pollock of Windsor, convener of the OHA senior A" circuit, said the other day: "We cannot do it any other ay. There's bound to be some accessing over the schedule ut we can't help it. After all, it was the teams, Window recluded, who wanted this round-robin in the first place."

"We have to figure on semi-finals and finals in the pup and still be ready to play the NOHA champion the st week in April. The Esstern Canada final is scheduled begin April &" said Poliock.

The Macs are scheduled to play three of the first four playoff games at home. They take on the Dunlops here comorrow night, entertain the Kitchener Dutchmen Fri-day night and play the first of a two-day series with the Windoor Buildorg Saturday evening. That game, inciden-tally, starts at eight o'clock.

Both the Macs and the Dogs have a tough weekend as far as travelling goes. As soon as the teams finish the game here Saturday night they board their respective buses and head south for Windsor for a 230 p.m. game in the border

The Hildebrand was on hand and fairly flying. His in is said to be greatly improved and the dependable will be ready for the important playoff series opener.

The Kitchener Dutchmen are expected to arrive from com Squaw Valley some time today and jump right into tion tomorrow night. Their first three round-robin games fill be played on the road since there's an lee show in the litchener auditorium. The next week sees them with four

ome gimes. Whilty Dunispe will be at their full original strength for the playoffs. The stars of the Otropics team, Bobly Alterlay (didas see has seen that final scal action Russian State of the Control of the Contro

In releasing the playoff dates convener Pollock made known that the final standing of the round-robin will idde who meets who in the semi-finals, i.e., first team russ third and second team versus fourth, with the team in each series retaining the odd game in each

So it's up to the Macs to hitch up their hockey britches produce the kind of hockey they are capable of play-and which was notlecable by its absence far too ny times during the playing schedule.

They have the ability and if Gordie Bell can incut some of that old fire and apirit that has characterize e of their seasonal games, they stand a pretty goo-see of copping one of the semi-finals berths.

A victory tonight is a minst for the Macs. They take on the Windsor Buildors here tomorrow night, and turn around is hit the trail for the Border City where the teams meet again Sunday atternoon.

Victories over the Dutchmen and the Bulldogs would the McFarlands a foothold on a chance for the playoffs. ests would affect their chances immeasurably since by a would after their chances immeasurably since isy night they will have played three of four of the games. And their record on "foreign" ice during ile was not too impressive.

They will play their fourth and final home game of his series here next Tuesday night when they meet the hatham Maroons, aiready with one victory scalp at-sched to their belis.

Allbough the McEarlands have a length road trip for the weekend, they have some advantage over the Bull-door. The Deep andy Caltabam in Chalman Priday night, then take off for Belleville on Saturday. They, too, leave immediately after the Saturday pinkly imme here, thus having to make the two-way lavik irom, bert, thus having to make the two-way lavik. Twu, they have to make the return (rip, naturally, but they have so make shedded for Monday night.

It was the first travel "break" the McFarlands have had all season and if they should cop wins here Friday and Saturday night, they stand a pood chance of de-feating the travel-weary Boildogs in their own backyard Sunday afternoon.

The Dutchmen will slop over at Whitby on their return in the game here tonight where they take on the Don-ies. Blaif's crew has a double does Mondry and Tuesday, etting Chatham Monday evenlar, then doubling back to e on the Dutchmen in Kilcherne the following night, or take on Chattam at home Wednesday following the rooms appearance here on Tuesday.

The McFarlands trek to Chatham on Fridey, March and will stay over to round out the round-robin in chemer on Sunday, March 13.

The ultimate winners of the all-Ontario senior they have been playing hockey before the ce the Eastern Canada opposition.

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor

inevitable, as the night follows the day came the g, yakking and paiping of "lost Canadian prestige" ar defeat in the bockey Olympics.

In our opinion, man for man, and team for team, the Kitchener Dutchmen clab was a better agreeration than that which represented Canada in 1936 at Cortina, and the best club in the 1968 Squaw Valley abranalgans.

They were beaten by an inspired American team, ich was riding on stratospherie heights, playing before rowd of over \$5.00 Stars and Stripes fanation in their backyard, and had everything going their way.

At that, we believe, with their share of the breaks, and "puck bouncing their share of the way" the Dutchmen ald have beaten the American crew.

Then, too, the junier "department" of the club proved a distinct let-down when the chips-down journament was bixed. Bobly Roussen, who cat a brilliant seering swath for the team in its swing through Western Canada peler to Squaw Valley, and Cliff Pennington, only wentern Canada member of the club, were disappointments.

Some critics said the Dutchles were using boys to do a 's' job. We disagree. If was a case of individualism ser than the fact they were junior players cutting their er-bracket teeth.

It has been cut down to one strong leagues in Ontario, probably the strongest in Canada, and the way the rumor under sent between the care distension in its ranks all-ready, due to a decision to hold a five-term league playoff. Windowr has threatened to withdraw next year, while Chaiham interests are said to be looking at the only pasture left, the International League.

The prox are gradually eating into the senior "emateur" top. The death of the Zasterp Ontario Senior League no be kind directly at the prox docuster. Willy internal machations started by a 'gro outifi representative, who wielded a batched gave the "eastern senior league the "rest-in-sec" sign, for no other reason than to provide a successor like Quebox League which was tottering on finb brink

The Kasieru Fredenienal League has issued glowing reports of its success in its inaugural year. It must be confined to all 10 dis club members, but Kingural Tara The Treatment are finding out that no matter what you call the heres, the fans retuse to change their spots. They want is team that is whaning its share of the panner, and will not support a consideratio loser.

We understand from newspaper and television reports the Frontenacs need 2,900 gates to "break even." The e the other night attracted some 1,500.

So it would seem that Kingston's jump to the pro-ranks has resulted in a little better brand of booker, higher-priced belp, a cellar-dwelling team, and no change in fan attitude.

So That's It!

## Building Trucks is a TRUCK man's job!

"How can a truck take this kind of punishment?", ask many visitors to the International proving grounds as they watch trucks survive almost unbelievable

'torture tests' over and over again. The answer is simple. International Trucks are built by truck men who have studied the gruelling conditions

that trucks must survive on the job-heavy less high speeds ... rough terrain ... constant service. Every component is designed specifically for trucksand carefully matched for balanced truck engineering. Because they are built by truck men, International Trucks are built to work and built to last.

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor

Events subsequent to the Winter Olympios bockey-ithe failure of the Canadian team to win the cham nahip, makes one wonder what "DID" happen inside Canadian family circle at Squaw Valley.

In a near-laxi-minute move, Whitby's Wen Blair was ned "co-ordinator" of the Canadian Kilchener Dutch-tor the coullient bloks with the blonde bowsprit didn't very long at his new job. Whith a few days he wes ne, and press reports stated he had done all that could be a mid was for no further use to the club.

Other reports, however, stated that Blair's natural tancy on the bench had not set well with the Butch-on management, and "there was no room for two ches." Blair later was relegated to the back benches.

But after the Olympics "battle flags were furled" and

M'sieu Goman and the Dutchmen management have gooe so far as to hint legal action, if a claim of theirs is not held up by the Ontario Hockey Association. That aug-ust body was supposed to take action on the matter Saturday afternoon, but the result, if any, was not known at this time of writing.

It seems Goman and Biair colered into a contract whereby Whitby would "loan" Attersley, Etcher, Sama-lenko and Sieden to the Dutchmen for Olympics pur-poses in exchange for 31,500 cash and the services of Dutchie defonceman Raiph Hosking for the balance of the

The present trouble stems from the allegation that Whitby refused to send the four players to Kitchener on January 27 as required in the contract. They finally turned up on January 31.

As far as that goes, the same situation applied Farlands-Dutchmen deal. Moe Benoit stated he wo arlands-Dutchmen deal. Moe Benoit stated he would no with the Dutchmen against his own club, and stuck by guns. Moe finished the schedule before reporting to

The Duckmen claim since the four Whitby players did not report on January 22 the contract is null and void and Hosking should revert back to them. They are even falking of protesting the Whitby-McFarlands game which the Dunnies won 5.1 because Hosking was ineli-gible to play for the Dunnies.

This is not the only strange set of goings-on in the league since the round-robin series of playoffs was folsted on it.

His seems the air and other things up around Chatkam way air not conductus to the good health of goal-keep-ers. The Margones have seen six cuitodians come and go since the first pack was dropped in schedule play-and new they have "wangied for and got" the seventh third pipe.

He is no other than the popular, here at least. Cesare Maniago who has replaced a guy named Hicks brought up from an intermediate club but who, ap-parently falled to live up to Uncle Johnny Horeck's ex-peciations.

So what to do? The OHA book of words states the goalle replacement can be made unless the current cus-an is incapacitated for the remainder of the season. Mr. Hicks appeared to be a healthy young man, who ew what he was doing, except at certain times, so the ceeklan problem was "how to incapacitate him?"

Then it dawned on the cultumber by. Hereck that Hicks treres were not up he good gualkeeping and, so perhaps the gay was soffering from a nerrous break down. Mr. Goman of the Dutchmen who held the sidenge on Centre, said that if Hereck could get a, decribe sidenge on Centre, said that if Hereck could get a, decribe continued to the country of the co

The Mrl Richards-Red Gravelle junior "B" sque picks up where it left off earlier in the week ionig? when they take on the Kingston youngsters in the thir battle of their current best-of-seven playdown series.

The local youngsters dropped the first joust here in battle of the shillsaighs and a steady parade to the penal box, but proved in the second game they were the best club on the night's play by merely staying on the loc as

These young fellows play a fine brand of hockey and Saturday's game on which elimination for one team or the other hinges, should be a thriller, too. Soules has his fine young club elicing nicely and it like; are "my for this till." Peres' younkers will know they've been in a hockey battle.

### HOCKEY NIGHT AT STRUNG

Sports association executives are not supposed to be human, insofar as learning toward one team or another under their jurisdiction, is concerned, but you could exarely blame Doug Patterson, Stirling's contribution to the OMHA seats of the mighty, it he stretched a shirt button or strained a tonitl or two tomorrow night.

For the honorable Douglas, siong with a namenke, Master Robson, will have soonthing to cheer for when the village midget "O" team inspire with the Schemberg, Ont. youngsters in the first game of the OMIAA library round playdown. Lioyd Pollock of Windsor, OHA vice-president and

Under this ruling, and at the present moment the Macs are sitting pretty. Up to last night they were second to the Windsor Bulldors in goals-for-and-against. The average is arrived at, according to the OHA minus, by adding the goals for and the goals against, then dividing that total into the goals for.

Apart from that, a win for the Macs and a loss for the Dutchmen over the weekend will give Belleyille an "in." RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor

The McFarlands had a grand opportunity of ally a playoff borth by way of the front does at & on Sunday but they "goofed" with a capital new must moods defect or the Whithy in Blah errow might or once again take their chance ing in via the back-entrance roots.

sging in via the based-mirande reveal.

They looked anything like playoff contenders play against the Dutchmen, albeit Ernie Gom re probably a bit fired up in a desperation it was a playoff spot. They might do it at that.

As matters stand new a tie in Whithy tee light would clinch matters for both the McGratte be Dunispa. It would give them each five ribble the Duchsense have finished with feer.

However word from the OHA convener says that in case of a victory by Whitby or Belleville the fearth y-off spot will be decided by goal averages.

Lammy Lamirande fuelled and fired his Windsor Bull-is to the pitch where they swept practically everything in their playoff path, winning seven and losing one in the ht-game set-to.

Lon Tayler in his sports column in the Kitchener cord says: "It the Dunleys happen to win the OHA-ic, which is far from certain, it wouldn't be surpris-if they run into a fast Canadia Amateur Hockey sociation playfowns protest on the use of Honking.

osking played for the Dutchmen that night and was in no position to sign a card on that date.

Taylor mays if the Belleville McFarlands go throug th their protest over the Chatham-Kitchener des ere could be a fall-scale review of the entire situation a dmilat Chatham's right to use Manlage "is cloudy, it by the same token Whitby's right to use Hookin m's stand much examination.

All three western Ontario clubs are, according to sports olumns, bitter over the round-robin deal. Taylor says it as a farce and it is being reflected in attendances in most the communities concerned.

But why blame the McFarlands? If the reund-robin is a "tare" it is the Kitchener and Chatham man-acrements that are as much to blame as anybody. They voted for the round-robin despite fan and press protests. The Windoor Bullders had the only top organization which voted "may."

And after the game ive old Eastern senior "Ar-learne acquaintances met and shook hands with a "serya next season." They were the manager of the Presidents, Ray Miron, late of the Cornwall Chevies and an soe left winger of the Rovers, one Minnie Menard, late of the Belleville. McParlands.

The Rovers' new home is in Commack, Long Island, far from the madding New York crowds yet close enough that National League scouts can from time to time, eye their material.

Minule and family like it in Commack. So much they are staying there where Minule is associated with a construction firm with a team-male, George Ranieri.

When the Rovers skated o if the ice the other day with 3-0 victory under their collective bolts, a closing-day we of 2.914 slogged out of the Long Island arena into a w-packed parking lot.

The nitendance raised the Rover home-game total the Eastern Hockey League season to more than 90 for J2 contests, an average of about 2,700. Big day crowds offset sparse Thursday iurnouts.

Tem Lockhari, league president, Rover owner and na general manager, was enhanisatic over the open-scason. "We're satisfied although the club will lose stated for a satisfact is concerned. With occasions and other considerations we will break

The Rovers who used to perform in Madison Square Garden play to a different crowd from the militant New York fana. Their supporters now are the split-level set, a mericase-poor conglomeration of commut-rent who put up \$15.90 or \$2.50 each for a Sunday game of lower than senior "A" maybrm.

"As the merigages are paid off and more families re into the area the crowds will increase," says LockL. The areas can accommodate 4,200. Self-out wids for wrestling and a relier derby have sayed the ta from a deficit.

The Rovers draw a family-type crowd with you less garbed in fur-lined caps, parkas and snow-be a howling collection of kids who scamper up and details with no interest in hockey at all.

The Ontario Amateur Sortbali Association convention, cheduled this year for Woodstock is not too far away. April 1 and 2 to be exact.

With this in mind and desirous of having proper representation for his organization present, President Harry Morgan of the Belleville and District Setheal League has called a general meeting for Tensady night, eith o'clock at the West Moirs fire hall. Everyone interested should be on hand.

ppointment of delegates to the convention will be one e main items on the agends. The league has three to exercise and Prexy Morgan would like to have that delegates present.

Other business has to be transacted, too, and as Morgan points out, the more done now, the less later. The meeting is important, and all softball people are urged to be on hand.

To look at them, who'd ever guess these little beauties actually give you more loadspace than some of today's full-sized station wagons. They seat six passengers in sedan comfort. Fold down the rear seat and a seven-foot ladder fits with the tailgate up.

Yet the Falcon is more than two feet shorter than regular agons. And with excellent all around visibility it's mighty easy to handle and park. Easy on the pocket-book, too. You get up to 35 mpg on regular gas, up to 4,000 miles between oil changes. See 'em, try 'em at your Ford Dealer's today!

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor

The "Flying Dutchmen," stormy petrels on ent OHA senior "A" hockey seas apparently an own without the colors flying.

There may have been further developments since the piece was being "milled" but at the time of writing new wires were bot with Dutchmen threats of action to prevent the OHA from carrying out its proposed semi-fina.

When he learned the Dutchmen had been outside in the round-robin series by virtue of a lower real average, Manager Ernic Geman unleashed a barrage of threats and charges that reflect on other clubs of the league in general and the OHA in particular.

The whole altuation festered from a biliter started when. Whitiby's Wenn Blair refused to send his promised quots of four players to the Dutchnen for Olympies purposes on a certain date. This also ristred the Dutchmen furures over Alphi-Hosking, sent to Whitty in the player deal, and whom the Dutchles claim is still their property through Whitty breach of contract.

Goman refused to accept elimination for his Dutch-men on the basis of goal averages. He claims a playoff game between the Dutchles and the Maos should decide the rightful owner of fourth place in the playoff standing.

The Dutchmon management announced yesterday they seeking legal action on the matter. The docision was do after a conference between club president Oscar Wiles Manager Goman.

Goman charges that neither Whitby nor Chatham are in good standing in the senior league because, he says, the OHA admits neither club ever posted the \$2,000 bond required in the franchise agreement.

He claims the Belleville-Dutchmen playoff is requi-ecause a playoff spot on a goals-average basis was ifficially approved and not in OHA minutes. Goman lashed out at the OHA charging that its business office had been covering up for Whitby and Chatham which failed to post bends, and the administra-tion of the league had bundled on several issues over

past few years.

There is the strong possibility that in event of the OHA's refusal is take any action as demanded by Stichener, the Dubthener management mixth yo is the Stichener the Dubthener management mixth yo is the Stichener than the S

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor THE CAPER OF THE UNCAGED CUSTODIAN Gaalie HI(e)k has left the sticks, And they don't knew where is find him. But he'll be back on the Chatham track When the season's far behind him.

(\* \* \* Dapper Johnny Horcek, master-mind of the Chatham Marcons, who rates on a par-with the sarterially-perfect Wren Blair as the Beau Brunmel of the senior "A" hoc-key leagns, was very unhappy at the OHA coactave in Toronio Saiurday.

The least of Johnny's troubles, and it was a big one, a the fact the Belleville McParlands had nipped his troons-Meniago Local 2 of the senior union, 4% and had usred their semi-finals series at one game each, with three

Johnny's bead was bowed but unbloodled us he sat in a chair and listened to the alignity withering blasts of John Sutherland of the Windsow Buildogs and Gordie Bull of the McFariands as they quissed him on his meth-ods of securing the services of Maniaço, the seventh keeper of the iwine to wear a Marcon underm this

It will be recalled that the sixth realie of the Maroon puck entourage, one named Hicks, was judged medically unfit to continue his puck-stopping capers by one or more local physicians.

Just in passing, it might be mentioned that Mr. Hicks didn't exactly jibe with Mr. Horeck's idea of what a good didn't exactly jibe with Mr. Horeck's idea of what a good senior goalle should be, so his becoming sick, too sick to continue through the rest of the reason, exhally proved, a "break" for the Horecks and the Marcons.

So what to do? Then Johnny remembered that Kitchener had an extra goalie, a youngster named Man-iago, who, as the horsemen say "was eating his head off,"

So Johany contacted his buddy-buddy Ernie Goman of the Dulchmen, who strangely enough, by force of hocker circumstance, had a date with the touring Crech national team, and could use a few extra players, say three of the Maroons. Just for the evening Crech-bouncing, that is.

And so it came to pass. Three Maroons went to itchemer for an evening's fun with the Dutchies—and aster Maniago came to the Maroons—for the rest of the

So, at the Saturday meeting Bell and Sutherland "ganged in a how-come quiz of Dapper Johnny.

"The rules say if a goal-keeper is unfit for service for the rest of the season, a club is entitled to a replace-ment," was Johnny's first line of defence,

Furthermore, he added, as his temperature rese under constant barrage of questions, "We have, and the OHA doctors' certificates saying that Hicks is medically unfit further service."

"Besides," Johnny ikundered as he filipped over a trump card, "Elicks is missing—and I do not know where he is. He left Chatham for parts unknown. I tell you that boy is sick."

But the Bell-Sutherland attackers were adamant. Treduce him and have him examined by a doctor of our other. We so mover. The motion carried.

The shound played has see. "If Manines is not be the state of the should be should

Kingston's Lorne Cook, past president of the OHA, and one of its ablest members and advisers, rose in de-fence of Johnny. "We cannot doubt the decisions of two doctors," he said. "Nor can we question them."

But the Bell-Sutherland duo was not to be so easily shaken off. "We want Hicks exemined by a neutral phy-sician," they chorused.

Johuny's hackles rose. He turned his verbal guns on Windsor's Sutherland. "The trouble with you, Johnny," he abouted, "is you know we have a better club than you have, and are afraid we'll take you. We arranged with you for a gealie, and you sent us a burn." (Name

"Who said you were going to meet Windoot?" in-rrjected straight-faced Gordie Bell. "You haven't beaten lelleville yet."

That didn't phase Johnny but he smiled when Kitch-cher's Goman got in a subtle dig. "What about Belle-ville?" he asked. "They got rid of a goalie named Adam-son-and he wasn't even sick."

#### Subsidizing Transportation When Ontario Liberal leader John Wintermeye

went cutario Liberal leader John Winterfreyer uggested in the Ontario Legislature Monday night that he Provincial Government consider some kind of ubsidy for water, rail and air transportation, Premier celle Frost immediately voiced an irate dissent.

Of course Mr. Frost was right. The Ontario Gov-rament has no business getting into the field of ransportation subsidies.

We suspect, though, that Mr. Wintermeyer had his tongue in his check when he made the suggestion. We of the space to doubt that he really wants the province to pay subsides to water, rail and air transportation firms. Instead, very single, it would appear that his intent was to sum; the scass. tongue in his cheek when he made the suggresiton. We doubt that he rhally wants the province to pay subsidies to water, rail and air transportation firms. Instead, it would appear that his intent was to spur the government into considering the question of whether the trucking industry is not, in fact, being subsidised at this moment, thereby subjecting water, rail and air transportation companies to an unfair type of competi-

tion.

If what Mr. Wintermoyer really delaines is not more more substillations, next many large and the more substillation and the s

danger that offer transportation firms will refet that the trucking industry needs in order to operate. We have one suggestion which appears to us to be equitable. The highway engineers know to what standard it is necessary to build highway to stand the public objects to standard it is necessary to build highways to stand the engineers in the costs of the two types of highways would represent the costs of the two types of highway would represent the costs of the two types of highways would represent the costs of the two types of highways would represent the additional cost. If it does not, it is being substitute of the two types of highways would represent the additional cost. If it does not, it is being substitute. That, though, is a different story. The correct remedy with the profit of the two types of highways would be the profit of the pro

points or view nave wont the Caoniet contest. Or will his rumored convictions, in other words a balanced budget or close to it, with the inherent difference between this policy and Mr. Churchill's ideas being ignored?

The fun begins the instant you take a demonstration drive in a fun-tastic Chevy at your local dealer's 2 You'li like the way Chevy's superlative Full-Coil suspension quilts rough surfaces 3 Just touch the brake pedal and Chevy obeys with quick, smooth, straight stops every time 4 And on secondary highways, the long wheelbase and wide tread give Chevy a balance and sureness unrivalled in its class [5] Climbing? V8 or 6, Chevy's engines purr you up-and-away effortlessly 👸 Thrill to its tight-as-a-drum cornering ability on sudden turns 🚺 A nudge of the gas pedal gives you an instant surge of passing power 8 But when you're cruising, you'll be astonished at this big car's small car gas economy I in tight going—and in parking—Chevrolet's clear round visibility is a fender-saver Lastly, notice the admiring glances of the people around you—another reason for buying Chevrolet.

This, perhaps, then, is the reason so many good Can-an juniors have flocked to American colleges, taking uniage of the scholarships dangled under their noses. But, as the rattlesnake said, when he hit his own tall, things must come to an end."

Hockey coaches of some American colleges just south of the border, have inaugurated a merement to bar Canadian backey players, especially those with junior "A" or "B" experience, from enrolling in their institu-tions on athletic scholarships.

As one observer puts if, "There won't be too much crying in Canada except among the players who are really interested in extending their education through bockey if the United States bars the Canuck kids from their sinnen-pure lanes."

Definitely the professional higgies won't raise any noticable objection commotion. They have been against the lidea from the start, claiming the move to U.S. colleges spoiled a lot of their best prospects.

Murray Armstrong, former pro and now a college coach in Denver, was the lone dissenting voice on a five-man committee which voies to half junlor "A" and "B" Canadiams from moving into U.S. colleges.

The debate on the question at the meeting held in Souton brought out a number of interesting facts. Weston's CRACKERS & SALTINES

Each Thursday, Ellen Ramsay visits the bank to pick up the company payroll. On Friday she visits on her own behalf . . . to deposit her savings. On both occasions she receives prompt, personal attention.

In the country, busy insurance man Tom Welch very rarely visits his bank. He does all his banking conveniently by mail. But he gets the same friendly, efficient service.

Requirements may differ but, at The Canadian Bank of Commerce, the service remains constant . . . and as broad and enterprising in concept as Canada itself. Clear across the country, in rural communities and in big urban centres, The Canadian Bank of Commerce serves its many customers with that sincerity which makes banking a pleasure.

STRAIGHT ... STAY NIM ON STRAIGHT!

Why should seamless stockings go on straight? Because even seamless can ripple, twist, bag and sag. But now-you can stop worrying about what's going on behind your back! Feel confident . . . feel comfortable when you're wearing Kayser's levely seamless nylons with "Fit Guide". Just line up the permanent "Fit Guide" with the front centre of your thigh - presto - your seamless is on straight! It's so easy, so convenient, it's a wonder somebody didn't think of this long ago. But Kayser did-and only Kayser has it. Try a pair.

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor.

H. J. McFABLAND Madame Czech threw up ber hands. She said it was impossible. But the failed to note the 'cdi' of the McFarland jib. "Get 'cm." he said through the inderpreter. A handful of Ureie Sam's ultragreen "lettuce" accompanied the request.

A day or so later H. J. showed me a package of 400 look-like-gold hockey pins.

Two years ago he wented a world champon hockey m. He got it. Last year he wanted, at least, a team that id hold its own with the rest of the league, if not win He didn't get it.

The isouth road to the McFarland business success was not all beer, skittles and roses. He had his set-backs. But his success, or the most of it, lay in the fact he refused to recognize defeat. He merely backed up to roorganize for success. It usually worked. He is roing to apply the same principle to his Mc-Farlands senior bockey club. He wants a club next season that will hold its own with the best-if not win the league illud-and he is not going to wait until Oc-lober to get it organized.

In fact the foundation stone of the 1960-61 McFarlands figuratively laid this week.

Tomorrow or Thursday coach Gordie Bell Jeaves for the western provinces and the west coast on a talent-hunding tour. Gordie will take the train to Winniper, his first halting place, and fir from there to the coast

a Coach Bell finishes his survey of the Winnipeg will visit first the Okanagan Valley and see what any, is available in that part of the world where ariands made their own Allan Cup history. From will continue on to the coast.

The Bell tour, naturally, is not expected to be pre-tilve of the entire quota of players deemed necessary the Macs' 1960-61 edition.

The search for the required talent will continue summer, quietly, unobirusively.

In the meantime, back here in the cast, Manager Keith MacDonald will contact two well knews senier "A" resiler. Doe of them is Mary Edwards, who went overseas with the Maca and who had a fine record in the season just finished with the Milwankee lean under playing coach Flori Gorgan. The identity of the other custodian was ann disclosed.

The decision to rebuild the Macs was made at a meeting of the McFarland management and Mayor McFarland at a special meeting held in Picton Monday morning.

If they are required? If Coach Gordle Bell and Manager Kelih MacDonald can come up with eight play-rers with the spirit, guits and drive of Hildebrand-H. J's worries about a top team next year will be over.

However, we have no qualms about the McFarlands being a strong contender next season. H. J. McFyrland has said he wants one. And what he wants—he usually gets.

and the wants one. And what he wants—he usually gate.

"Without these men in.y hever would have finished second. The young stars did not fill the bill. They were inconsistent. Sure, they may mature and blossom. But there is a time for all things, and if they miss the beat, there may not be another time."
